BALÁZS MÁTÉ

Hungary, Szeged 6725 | +36-30-481-50-19 | balmate@gmail.com
[Portfolio]https://matebolic.github.io/portfolio | [LinkedIn]https://www.linkedin.com/in/balmate/

Building up IT solutions what can help others to reach their goals – this is the reason why I switched my career from architect designer to back-end developer. Transferring all my skills and experience as a team-player with strong determination to learn new technologies makes me fit in the developer team.

SKILLS AND ACCOMPLISHMENTS

- Java (solid knowledge with OO principles), Spring Framework, Spring Boot - used on own/course projects
- VCS (Git,GitHub), Unit Testing (JUnit, Mockito), API testing (Postman), Agile/Scrum methodologies, SQL(Postgres), CleanCode(SOLID principles), Docker, CI/CD basics
- Creativity, Design Thinking, Complex problem solving (taking participation in 40+ buildings' designing process in different phases, 10+ own project as certificated architect)
- Project management (Coordinating the projects in collaboration with generally 4 to 10 other engineers, contacting with about 100+ clients during projects to reach deadlines)

WORK EXPERIENCE

ARCHITECT (ARCHITECTURAL) – Self-employment | mateepitesz.com | Szeged
(07/2022) – Present

Designing residential buildings by working with a complex-mindset (appearance, technical details), leading projects with the collaboration of co-engineers, creating building permits, consultating with the authorities, continuous plan-delivering to the clients.

PROFESSIONAL TEACHER | Vásárhelyi Pál Technical Secondary School | Békéscsaba
(09/2020) – (07/2022)

Teaching architectural subjects (mainly CAD drawing, and architectural structural details, building designing) to the architectural technician students, creating educational contents, holding presentations, evolving good communication skills.

ARCHITECT (ARCHITECTURAL) | Villa International Zrt., Budapest
(10/2015) – (12/2017)

Creating all scope of plans from drafts to construction plans for commercial and residential buildings in a team under the lead of chief architect, participating in consultations with the clients and the authorities.
